NAVIGATION RESTRICTION NOTICE

Section 15 Anglian Water Authority Act 1977

RIVER GREAT OUSE – (DENVER TIDAL)

DATE: 20 March to 3 April 2020

LOCATION: Denver Lock Approach

DETAILS:

We are working in partnership with the Cam Conservators to undertake silt clearance via water jetting, downstream of Denver lock within the tidal river, during the period stated. Craft and plant will be situated within the tidal river below Denver Lock whilst these works are underway.

We advise boaters to proceed with caution and follow any instructions given on site.

Some short delays and restrictions may be experienced by boaters as a result of this work.

Tidal crossing windows over to and from Salters Lode lock may also be affected.

Please make contact with the relevant lock keepers for the latest up to date tidal river information on the numbers shown below prior to departure:

- Environment Agency Denver Lock: 01366 382013
- Middle Level Commissioners Salters Lode Lock: 01366 382292
- In an emergency or out of hours call our Incident Hotline: 0800 807060

Irven Forbes
Waterways Manager
13 February 2020

You can contact us at the Environment Agency on 03708 506 506 between 9am and 5pm, Monday to Friday and ask for the Great Ouse Waterways Team.
