

# REPORTED OBSTRUCTION NAVIGATION ADVISORY NOTICE

## RIVER GREAT OUSE (BEDFORD OUSE)

**DATE:** 24 July 2021

**LOCATION:** Downstream of St Neots Lock, Mill Pool Island  
right hand channel: NGR: TL 18703 61974 or What3Words  
Location: W3W: ///impulsive.tags.affair

### DETAILS:

Please be aware that we have received further reports of additional fallen trees at the above location further to our last advisory notice still in effect and issued in October 2020. Craft should still continue to use the left hand channel proceeding

downstream and right hand channel proceeding upstream to avoid the channel with the fallen trees. We are advised the area is still passable but please be mindful of two way traffic by the landing stage and on the one side of the island. We will investigate this report and review this notice as soon as it is feasible to do so.

For further information, please contact the Environment Agency on 03708 506506 between 9am and 5pm Monday to Friday and ask for the Great Ouse Waterways team
